

Middlesex East goes International!

Come and experience our International Weekend where you can discover International Guiding, learn about Guiding in other countries and cultures, and find out about exciting opportunities to travel the world and make a difference.

Throughout the weekend, you'll meet other members of Girlguiding, try your hand at preparing international cuisine, and get out and about in a wide game that will need all your teamwork skills! Explore the globe from within Middlesex East, and find out how you can go further.

During the weekend, we will also be selecting girls to represent the County on International trips in the summer of 2018. Come along, and find out what it's all about.
